

Some problems of trend identification and estimation

VÁVRA, F., NOVÝ, P., MAREK, P., NEUMANOVÁ, M.,
VOKÁŠOVÁ, K. Some problems of trend identification and
estimation. In *Aplimat 2007*. Bratislava: Slovak University of
Technology, 2007. s. 471-478. ISBN: 978-80-969562-4-1

In the paper are formulated some problems that can occur by estimation of the time series trends. Further are proposed some trend's properties and formulated some theoretical questions which answers can simplify trend identification.
